MULTILUBE AEROSOL

Code 1484

Multi-Purpose Lubricant with Corrosion Inhibitors

DESCRIPTION

Multilube is a multi-purpose lubricant, penetrant which displaces moisture which leaves a corrosion inhibitor on the surface.

BENEFITS

PENETRATES – Multilube penetrates metal to metal bonds and frees stuck and frozen parts.

LUBRICATES - It will lubricate to keep moving parts moving and will kill annoying squeaks. It contains no silicones or additives that will attract dust and grime.

DISPLACES MOISTURE – it will displace moisture in electrical systems and quickly gets engines started and working again.

PROTECTS – Contains corrosion inhibitors that adhere to metal surfaces and protects from moisture and corrosive elements. Keeps tools in good working order.

CLEANS – Dissolves grease, dirt and grime quickly to clean surfaces and leaves a protective barrier.

APPLICATION

<ul style="list-style-type: none">• Industrial	<ul style="list-style-type: none">• Electrical
<ul style="list-style-type: none">• Lawn and garden	<ul style="list-style-type: none">• Farming equipment
<ul style="list-style-type: none">• Repair men	<ul style="list-style-type: none">• Mobile maintenance services
<ul style="list-style-type: none">• Sports	<ul style="list-style-type: none">• DIY

DIRECTIONS

To start wet motors (cars, boats, engines etc.) remove distributor cap, wipe with a rag if soiled and then spray with Multilube. Replace cap and spray around distributor cap, spark plugs, coil, generator, starter motor and leads. For seized bolts, nuts and joints spray on surface and allow minutes to penetrate and if necessary tap lightly. Repeat application if needed in severe cases.

HANDLING

Use in well ventilated areas. Do not store above 50C
