

FRESH & CLEAN

Code 4950

UNIVERSAL, SINGLE APPLICATION AIR FRESHENER, DISINFECTANT AND SURFACE CLEANER

DESCRIPTION

Callington Fresh & Clean is versatile for aircraft use; as it is a convenient single application air freshener, disinfectant and surface cleaner. Fresh & Clean can be used as an aerospray or surface spray.

ACCREDITATION & APPROVALS

Callington Haven is an ISO 9002 accredited manufacturer. The laboratory is National Association of Testing Authorities accredited for aircraft chemical testing.

Fresh & Clean is safe in aircraft; it complies with I.A.T.A. as a non restricted item. It does not cause corrosion, hydrogen embrittlement, nor does it effect painted or unpainted aircraft surfaces.

Fresh & Clean is tested and approved to AMS 1550B for safety to aircraft surfaces.

Fresh & Clean is tested to TGA requirements and meets specification for commercial disinfectants (option C).

FRAGRANCE

Established aircraft fragrances such as *Embrace, Silkwash, Lemon Citrus or Country Garden* are available ex stock or fragrances may be designed to suit your own preferences such as *Citrus Herbal, Jasmine, Pine Fresh, White Ginger, Frangipani, Rose Shadow and Pot Pouri.*

Fresh & Clean counteracts and nullifies tobacco and malodors from the toilet and cabin area.
