

TECHNICAL DATA SHEET

ROX[®] CARE DEGREASER

A Quick Break Heavy-Duty Degreaser

Code 8240

DESCRIPTION

A heavy-duty and general-purpose detergent/degreaser containing environmentally friendly biodegradable ingredients.

The degreaser is nontoxic, nonhazardous, non-flammable, highly concentrated and versatile. It is easy to use for quick penetration and breakdown of grease and grime and its multipurpose applications will reduce inventory of cleaning products. It is suitable for all types of water hot, cold, soft and hard.

FEATURES AND BENEFITS

- Quick break action provides easy removal of wash down waste
- Suitable for use with engines, heavy equipment, concrete floors, metal, timber, stone and painted surfaces
- Improved efficiency of oil separation will result in lower effluent and reduced waste contractor costs
- Enables oil to float to the top for easy collection by waste contractors
- Compatible for use with modern water treatment equipment, suitable for use in Corrugated Plate Interceptors and Coalescing Plate Separators

DIRECTIONS FOR USE

When applied, allow sufficient dwell time for the degreaser to penetrate the surface, apply agitation to the surface, if necessary, prior to washing down. Agitation and washing down with a pressure washer will produce the best results.

ROX[®] Care Degreaser is compatible for use with modern water treatment equipment, suitable for use in Corrugated Plate Interceptors and Coalescing Plate Separators.

From general purpose to heavy duty cleaning it is suitable for use with engines, heavy equipment, concrete floors, metal, timber, stone and painted surfaces. It can also be used as a coolant system cleaner in machine workshops. It is ideally suited for the automotive service and repair industry.

It can be used with steam cleaners, hand spraying systems, brushing and floor scrubbing systems, dipping tanks and hand mopping.

When applied, allow sufficient dwell time for the degreaser to penetrate the surface, apply agitation to the surface, if necessary, prior to washing down. Agitation and washing down with a pressure washer will produce the best results.

TECHNICAL DATA SHEET

Concrete and bitumen floors. Heavy contamination	1:1	Mild contamination	10:1
Heavy Equipment -	1:1 - 1:10		
Engines -	1:1 - 1:10		
Painted Surfaces -	1:30		
Timber Floors -	1:30		
Traction Motors -	1:1 - 1:10		
Floor Scrubbers -	1:10		
Metal Components -	1:10		
Transport Vehicles -	1:1 - 1:30		
Kitchens, bathrooms, showers -	1:5 - 1:10		
Dipping Tanks -	1:5 - 1:10		

HANDLING

ROXCARE degreaser is a water based mildly alkaline degreaser. Continued skin contact may result in loss of natural skin oil. It is recommended that operators wear protective gloves. Refer to the Material Safety Data sheet for detailed information.

PHYSICAL PROPERTIES

Appearance:	Dark green, clear liquid
Rinsibility:	Leaves no residue
Density:	1.03 - 1.05 g/ml
Odour:	Mild
pH:	13 ± 1
Flashpoint:	Nil
Solvent Content:	Nil

PACK SIZES

5L	8240/42
20L	8240/51
