

TECHNICAL DATA SHEET

ROX[®] MF 5900

Code 8763

Asphaltene Dispersant

DESCRIPTION

ROX[®] MF 5900 is an ashless liquid fuel additive for Heavy Fuel Oil. ROX[®] MF 5900 is a multifunctional additive providing powerful sludge dispersant, fuel blend stabilization, anti-corrosive, lubricity and biocidal properties.

By achieving smaller fuel particle size and lowering surface tension, combustion efficiency and fuel economy are improved, also resulting in lower particulate emissions.

BENEFITS

- Dissolves existing sludge & prevents formation of new sludge
- Fuel blends are stabilized and made more homogeneous
- Prevents corrosion
- Adds lubricity, required for low sulphur fuels, reducing friction and wear on engine components
- Cleans and keeps clean engine components
- Strong biocidal action kills and prevents fungi & bacteria growth
- Improves combustion efficiency & fuel economy
- Reduces particulate emissions
- Minimizes the need for a service operator to enter the tank
- Improves tank capacity and reduces costs by turning sludge into burnable fuel

DOSAGE

The ROX[®] MF 5900 is a concentrate and gives effective treatment in the range 1:4000 to 1:8,000. 1 litre ROX[®] MF 5900 per 4000-8,000 litres of fuel.

Add the ROX[®] to the vessel fuel tank prior to or during filling. Alternatively add the ROX[®] to the delivery truck or barge fuel tanks at the time of filling from the Terminal

Dosage pumps are available if required.

SPECIFICATION

Appearance	:	Clear Brown Liquid
Density @ 20°C	:	0.88 g/ml
Flash Point	:	> 68°C

SAFETY & HANDLING

Avoid contact with skin & eyes.

Not regulated for transport of Dangerous Goods

Read the Material Safety Data Sheet prior to use.

TECHNICAL DATA SHEET

PACKAGING

Available in 20L, 200L & Bulk.
