

TECHNICAL DATA SHEET

ROX[®] 8100 AG

Code 8765

Concentrated Octane Fuel System Cleaner

DESCRIPTION

ROX[®] 8100 is specifically formulated to increase the octane rating of normal unleaded petrol. Fuels that do not have sufficiently high octane levels cause the engine to detonate (ping). Prolonged detonation can result in engine failure. ROX[®] 8100, when added to petrol, significantly increases the performance of your vehicle while minimizes the risk of damage to the engine. ROX[®] 8100 also cleans your engine and fuel system as you drive and provides a total fuel system treatment to improve the quality of the petrol and prolong the life of your engine.

BENEFITS

- Increases octane by up to **3.7 RON**
- Improves fuel economy
- Boosts engine performance
- Reduces exhaust emissions
- Stops engine detonation
- Cleans and keeps clean your fuel system.

APPLICATION

The recommended treat rate is **1:2000** Testing has shown a 3.7 RON increase when added at 1:2000. Add to fuel tank prior to top up with fuel or by metering pump.

SPECIFICATION

Appearance colour : light brown coloured liquid
Density : 0.88 +/- 0.02
Transparency : clear

HANDLING

Combustible - Do not use near open flame or heat. Keep out of reach of children. Refer to the Material Safety Data sheet for further information.

FIRST AID

If swallowed - do NOT induce vomiting. Give a glass of water to drink. Contact a Doctor or Poisons Information Centre.

If in eyes flush with plenty of water for at least 15 minutes. If on skin, wash with soap and water.

Refer to Material Safety Data sheet.

PACKAGING

Available in 250ml, 20 litre and 200 litre containers.

WARRANTY – All statements, information and data presented herein are believed to be accurate and reliable but are not to be taken as a guarantee, expressed or implied, for which seller assumes legal responsibility and they are offered solely for your consideration, investigation and verification. Statements or suggestions concerning possible use of this product are made without representation or warranty that any such use is free of patent infringement and are not recommendations to infringe on any patent.
