AC80SL

Code 2540

Graffiti Shadow Remover

DESCRIPTION

AC80SL is a strong alkaline liquid detergent compound.

AC80SL will remove the residue of most paints left in the pores of substrates as a follow up step to the use of a paint stripper especially when removing graffiti.

APPLICATION METHODS

Exterior Building Services: Apply by brush or spray use neat or 1:1 water solution of AC80 Graffiti Shadow Remover, 3 x 10 minute intervals. After this period hose off with high pressure water. This saturation process helps soften the remaining pigments in the substrate. Best results are achieved with hot water.

Note: AC80SL will attack paint, soft metal alloys and will soften rubber.

SPECIFICATIONS

Appearance	:	Clear, light yellow liquid
Odour	:	Nil
Specific Gravity	:	1.25
Flash Point	:	Nil, Non-flammable
Foaming Properties	:	Low to Medium
Rinsability	:	Good
pH of 1% Solution	:	12.5
Stability	:	Good in hot and cold water
Effects on Materials	:	Will attack paint & soft metals especially aluminium

FIRST AID

AC80SL contains Caustic Soda. Precautions should be taken to protect skin and eyes.

Immediately wash contaminated skin with plenty of water for at least fifteen minutes. Remove all contaminated clothing and launder. If poisoning occurs, contact a doctor or Poisons Information Centre.

If accidental splash to eyes occurs, immediately irrigate eyes with copious quantities of water for at least fifteen minutes - NOTE: eyelids should be held open then see a doctor.

If swallowed do **NOT** induce vomiting. Give a glass of water.

Refer to the Material Safety Data Sheet for further information.
