

## TECHNICAL DATA SHEET

# STEEL BRIGHT

**Code 1110**

***Stainless Steel Pickling Solution for Spray & Dip Applications  
Conforms to ASTM a380-17 Standard Practice for Cleaning, Descaling and Passivation  
of Stainless Steel Parts, Equipment, and Systems***

### DESCRIPTION

Steel Bright is an Australian formulated solution for stainless steel pickling. It is used to remove weld scale or rust and brighten stainless steels. Steel Bright leaves the stainless steel looking perfectly clean, for a professional finish

### PHYSICAL PROPERTIES

Boiling Range : Not Available  
 Specific Gravity : Not Available  
 Water Solubility : Miscible  
 pH (as supplied) : < 1  
 Appearance & Colour : Clear colourless acidic liquid. Pungent acidic odour.

### BENEFITS

- Quick acting
- One step treatment
- Completely water rinseable
- Convenient size packs - no wastage

### DIRECTIONS FOR USE

1. Ensure surface to be treated is free of oil and grease. Clean with Callington S-Weld Brite Wash or a suitable degreaser or alkaline detergent.
2. Apply Steel Bright by dip immersion, wiping or spraying using a non-atomising acid resistant pump.

**DO NOT OVER PICKLE - the best results are obtained by continuous visual inspection of the surface.**

Grade	Pickling Time	Temperature °C
200, 300, 400 Series	5 - 30 minutes	21 - 50
Duplex Grades	60 - 90 minutes	21 - 50
Super Duplex	80 - 120 minutes	21 - 50

3. Rinse thoroughly with clean potable water, the best results are obtained by the use of a high pressure water jet or similar.

### Note

1. Wear suitable PVC overalls, gloves, goggles and footwear; avoid spillage or splashes.
2. Replace lid on container and store upright in a cool, dry area away from direct sunlight and heat.
3. Steel Bright has a shelf life, in good storage conditions, of up to 18 months.
